"Cooks are not found wandering in the woods. Nor do Scouts fry an egg on the first try. Guide them, teach them, but don't do everything for them."

District Troops have families from all over. They bring knowledge and experiences from all over the world. And along the way, a few good recipes. Friends and relatives agree that you may have these secret recipes only on one condition. That you add your own and pass on the total to others.

Cooking and eating are an adventure. There is just something about camp cooking that is special. Cooking outdoors requires a different set of rules and equipment. Take time to plan some activities that will include food preparation, whether it is brought in a paper sack or food that will be prepared by the boys. Cooking is a skill and cooking outdoors with charcoal, wood or a buddy burner will take some skill. Take time to talk about what you plan to cook, discuss safety and practice fire building.

The Plan

- Number of days and number of scouts in patrol
- Menu planning: By Patrol or Troop
- Budget: $$ per scout
- Equipment needed: Quartermaster
- Review by Assistant scoutmaster or Troop Guide

The Execution

- Shopping: By Patrol or Troop
- Practice for new scouts: at a meeting, backyard, at base camp
- Packing: car camp versus backpacking
- Setup: duty roster fire, water, cooking area
- Cooking: No seconds, until all are fed
- Cleanup: inspection?

Evaluation

- What worked and what did not: food, procedures
- Record results and recipes for next trip.

SAFETY AND GOOD COOKING HABITS

Start out by getting yourself ready to cook.

* Protect your clothes from spills by putting on an apron; then wash your hands.
* Read the entire recipe carefully.
* Organize the bowls, spoons, pans and other equipment that you will need.
* Read and know about making fires and fire safety.
* Have all the ingredients for the recipe. Measure ingredients accurately. Follow the recipe mixing the ingredients.
* While the food is cooking, put things away and clean up your work area.
* Stay near your food. If you forget them, the food will cook too long and burn.
* Turn pot handles away from the edge so no one will bump the handle and cause pot to spill.
* Always use potholders when handling hot pans. Keep all towels, pot holders, clothes and hair away from the flames.
* Learn how to use a knife.
* Have water or fluid in a pan, when placed on the stove. Even if not lit.
* Practice, Practice before trying new receipes in the rain, 20 miles out on the trail.

**Remember** to review the National BSA policy on fuels and the local regulations on fires and fuels. Some Airlines have a problem with transporting empty liquid fuel stoves and fuel bottles. Call ahead and plan if flying to that high adventure camp site.

Eat hearty and happy camping.

**General Commandments on trail cookery:**  
* go light, no fuss, no mess

1. Nutritious  
   What! pop-tarts for supper again?
2. Low in weight  
   Less than a 11 yr. old scout.
3. Taste Great  
   Scouts sure are great cooks.....
4. Cooks fast with no fuss  
   Hurry up, the batteries are going...
5. Meets BSA's handling standards  
   Packed by a 11 yr. old scout
6. Compact  
   Smaller than a 11 yr. old scout
7. Cheap  
   No the Money Tree is not in the Forestry Merit...

Troops from the district have been invited to share their favorite recipes. The recipes were collected over a series of months at district roundtables and compiled with the help of Troop 928.

Highly recommended reading for Parents, Leaders, and grommet Scout cooks and eaters:

Eating well is not just part of the fun of camping. It is important to eat well to replace the energy used in the hiking and activities that busy scouts are prone to do. High fluid intake and high caloric intake are needed. Seasonal changes may demand over 3,000 calories per day. The food pyramid is a guide for meal planning. The Pyramid can change with camping. The high calorie diet of campers use more fats during colder weather. Try to take the bulk of the food from the carbohydrate group.

We have tried not to duplicate the many books available on camp cooking (see additional reading list). We have tried to place our own stamp on the type of cooking that our troops like, but do not limit yourself to the recipes, invent your own. The following recipes are for the adventuresome who would like to try different things. Great, but try them at home first, not 20 miles out on the trail.

Take special note of any dietary needs of the scouts and adults. Allergies to foods are common. Don’t forget the duty roster. It will save time on determination of who’s turn to do what.
Menu Planning
Larry Hoffman, Troop 483

One of the most important things we do to prepare for a campout is to plan what we will eat. You should be able to make anything outdoors that you can make at home. The important thing to remember is that the meals need to be cooked, they need to be balanced, and they need to be good food that you like. The following is a list of suggested menus that you can use to assist you in your menu planning.

**Breakfast** - Breakfast can be the best meal of the day if you take time to plan and prepare it. Always serve a main dish, fruit (fresh or dried), and juice. Poptarts, granola bars, and dried cereal are not suitable for Boy Scout breakfast.

- **Breakfast Burritos** - Use flour tortillas, scrambled eggs with sausage and cheese. You can also add chopped onions and green peppers. Serve with hot sauce.
- **Instant oatmeal or grits** - This is a good meal when you are backpacking or for Sunday mornings when you are getting ready to break camp and go home.
- **Biscuits and Gravy** - Use the canned biscuits and instant gravy mix. You can cook about 12 biscuits in a #10 Dutch oven. The instant gravy mix uses only water to make. Fry sausage patties or bacon to eat with the biscuits.
- **Pancakes** - Use instant batter and make on the griddle from the chuck box.
- **Cinnamon rolls** - Use the canned cinnamon rolls and bake them in a Dutch oven, box oven, or pie pan oven. These are a good meal with fruit and juice.

**Lunch** - As a rule lunch should be a light meal that can be prepared with the minimum of utensils and effort. Always plan to have some type of bread products, vegetables, fruit, and a protein. Plan to make some type of Kool-aid or punch. Canned sodas, boxed juices, and bottled drinks are not allowed at Troop campouts.

- **Soup and sandwiches** - The best type of soups to make are the instant noodle soups like Ramen Noodles or Lipton Chicken Noodle soups. They are easy to prepare and they taste good. You can add canned chicken to them if you like. Keep the sandwiches simple. Grilled cheese, peanut butter and jelly, or tuna salad are good suggestions. Plan to serve carrot sticks or a green salad.
- **Burritos** - Burritos are very simple and very good. The beans can be heated right in the can (if you are careful). Wrap them up with grated cheese and a little hot sauce. Serve with vegetable sticks dipped in salad dressing and juice.
- **Pizza** - Pizza is a favorite of just about everyone. The best way to make pizza is in the Dutch oven or pie pan oven. Use canned biscuits or Boboli pizza shells for the crust, bottled Pizza sauce, mozzarella cheese, and your choice of toppings. Serve with carrot sticks, fruit, and juice.
- **Tacos** - Make tacos or taco salad using hamburger meat, cheese, lettuce, tomatoes, and taco sauce.
**Dinner** - Dinner needs to be the meal that you make the fanciest meal of the day. At dinner you really want to show off the cooking skills of you Patrol. You should serve a meat, vegetable, bread or pasta, fruit, and juice.

- **Foil Packs or Silver Turtles** - These are the easiest and most foolproof of the dinner menus. You can make you meat and vegetables at the same time. You can be very creative with Silver Turtles. Use a variety of meats, such as hamburger, sausage (links or packaged), chicken, pork, ground turkey, or fish. Any type of vegetable can be used. Traditionally silver turtles are made with sliced potatoes, carrots, onions, and mixed vegetables (canned). Season them with any type of appropriate spice. They are very good with a little BBQ or A-1 sauce poured in them. For dessert you can wrap up an apple that has been cored and filled with brown sugar or redhots and cook it with the foil pack. Be creative since you won't have to spend a lot of time cleaning up.

- **Spaghetti** - Spaghetti is a good dinner meal. There is only one catch . . . you cannot use sauce from the jar. If you are going to make spaghetti you must make your own sauce from scratch. It is very easy to do with browned hamburger or Italian sausage, Italian spices, and tomato sauce. You can spice it up with onions and garlic. Serve it with a green salad and garlic bread. Make garlic bread in the box oven or Dutch oven.

- **Stew or soup** - During cold weather a nice stew or soup is very good and easy to make in Dutch oven. It is best with beef cubes, potatoes, assorted vegetables all cooked together until they are done. Serve with bread and juice.

- **Fajitas** - Chicken or beef fajita are simple to make and even better to eat. They can be made over charcoal on a grill or in a skillet or griddle. Be sure to make some sautéed onions with them. Serve with tortillas, green salad, grated cheese, hot sauce, and juice.

**Desserts** - The favorite meal of the day has got to be dessert. Keep in mind that anything you can make at home in your stove or oven you can make on a campout. You can bake cookies, pies, cakes, cobblers, turnovers in a Dutch oven or box oven You can make pudding or pop popcorn. Plan to make at least one dessert on each campout. The most popular is Dutch oven cobbler, but don't limit yourself.

**Drinks** - Plan to drink juice or Kool-aid on every campout. Orange juice (Tang) is great for breakfast and Kool-aid will be your drink of choice for all other meals. Have packets of Hot Chocolate in the Patrol gear for cool evenings and mornings. Remember, no sodas, boxed drinks or canned drinks. Less to dispose of.

**Snacks** - Plan to have snacks for the Patrol. Do not bring candy or junk food unless you bring enough for the entire group. Good snacks for campout include Gorp, trail mix, jerky, and chewing gum.

**Vegetables** - It is important that you eat some vegetable with lunch and dinner. If possible, try to cook the vegetable with the meat. Carrot sticks are always easy and good.
Fruit - Fruit should be planned for every meal and snacks. Oranges, apples, bananas, and raisins are the most common. Baked apples make a great dessert.

Meat - Try to have a meat dish for every meal. Remember that fresh meat can spoil quickly in the Texas heat so freeze it before you bring it. Use canned meats whenever possible (canned tuna, chicken, or SPAM). They do not spoil and if prepared properly they are very good.

Breads and Pasta - Breads and pasta are where we get the energy we need to keep going all day. Plain white bread is okay but it can be smashed very easily. If possible, substitute tortillas or pita bread. English muffins are good also.

Special Cooking Terms

**Blanche:** To cook quickly in boiling water. Vegetables are blanched, then plunged into ice water to set their color or to make them easier to peel.
*Boy Scout Definition:* Add boiling water to instant vegetable soup mix.

**Cream:** To beat air into butter or shortening. Usually in combination with sugar. A common baking mistake is not creaming thoroughly. It can take up to 10 minutes to make butter really fluffy.
*Boy Scout Definition:* To beat up the butter, till it yells uncle.

**Deglaze:** To add liquid - usually wine, stock or juice - quickly to a hot pan. The cooking residue in the pan is loosened, adding flavor. The liquid is then boiled (cooked down) for a quick sauce.
*Boy Scout Definition:* To add boiling water to clean the pot.

**Fold:** To mix one ingredient very gently with another, such as adding beaten egg whites to a batter without deflating them. Not to be confused with stirring, which is more vigorous. Fold with a rubber spatula, scooping under the main ingredient and folding it over the added ingredient.
*Boy Scout Definition:* Bend a tortilla in half

**Peaks:** Sufficiently beaten whipped cream or egg whites will stand up in peaks. To test, lift the beater or whip: Soft peaks will point up, then fold over. Stiff peaks will stick straight up.
*Boy Scout Definition:* Climb every Mountain, Ford every Stream

**Poach:** To cook an ingredient, usually fish, boneless chicken, or fruit, in a gently simmering liquid, usually water flavored with herbs. Some fruit juices can make flavorful poaching liquids too.
*Boy Scout Definition:* No. Don’t shoot the King’s deer.

**Reduce:** To boil a liquid rapidly until it partially evaporates. Reducing concentrates flavor of stocks for sauces.
*Boy Scout Definition:* Smaller and Smaller

**Zest:** The outer, colored portion of citrus peel. Doesn’t include any of the white part of the peel, which is bitter. To remove the zest, use the small holes of a grater and rub very gently, or use a zester or a vegetable peeler to peel off longer strips. If you get any of the white part on a strip gently scrape it off with a knife point.
*Boy Scout Definition:* Eat them up.

Water Purity

Water Purity in the campsite should not be taken for granted. Dirty hands can contaminate food as easily as bad water. Wash hands frequently, before food preparation and before eating, and after toilet use. Don’t wash hands and face with contaminated water. Brush teeth only with treated water. There are 4 main methods of insuring safe water.

1. Bring enough along for the trip. This may be a problem on long trips. Water weighs 8 lb./gal.
2. A Filter/purifier and be used. The filter can clog up and need replacing. 1 to 1.5 pounds
3. Chemical treatment with Iodine tablets or Polar Pure. Water needs to warm to 60 F to kill Giardia Cysts, and will turn mashed potatoes purple. Chlorine bleach can also be used (5%), but may make your blue jeans whiter than white. Halazone and Calcium hypochlorite crystals have a short shelf life after opening.
4. Boiling the water. 150 F will do, but who brings a thermometer. Hard to make cold drinks with and uses extra fuel.

SCOUTMASTER RANCH EGGS     F.G. Bryant and B. Hale
I won the SM Cookoff at El Ranch Cima for two years in a row with this.

Utensils: 12" Dutch Oven
    Large Spoon
    Knife
    Potato Peeler

Ingredients: 1 lb. Jimmy Dean Sausage (mild)
    1 large onion
    1 bell pepper
    6 to 8 potatoes
    1 small bottle Pace picante sauce
    8 eggs (chicken)
Directions:

Brown sausage in dutch oven. (chop it all up like hamberger, don’t make it into patties) While that is cooking, peel and cut up potatoes into small 1/4” cubes. Chop up onions and bell pepper. When sausage is brown, drain grease. Dump in potatoes, onions, bell pepper and the bottle of Pace. (pour it out, don’t throw the glass in there) Stir that up real good, and put the lid on the pot. You must leave the lid on as the steam helps cook it without burnin. Stir ever so often.

Just before the taters set, smooth the top with the back of the big spoon, and make indentations in the mixture with the eggs, as you break the eggs into them. (Try not to break the yoke so it will be purty.) PUT THE LID BACK ON SO THE EGGS WILL POACH. As soon as eggs are set, take off the fire and serve.

This serves well with flour tortillas heated on an inverted dutch oven lid.

_Egg in the Nest_  _Big Bird_  _Griddle_

1 piece bread, 1 egg, 1 tbs. bacon grease or shortening
On low heat, melt grease in fry pan. Cut a hole in center of bread for the egg. Place bread in fry pan. Break egg over hole of bread and pour out egg. Fry egg and bread, Flip once and serve.

_Crescent Rolls on a Stick_  _P. D. Boye_

1 tube of refrigerated Crescent rolls  Butter or margarine
Jam, jelly or honey
Using a thick green stick about 1 inch in diameter, wrap the dough for a crescent roll spiral fashion around the tip of the stick. Leave space with the spiral for the heat to reach all of the dough. Press the ends of the dough to the stick to stick to the stick..... Hold the stick over coals for 15-20 min., turning frequently as you salivate. When golden brown, slip the roll of the stick and spread with butter, jam, jelly, or honey. Plan for 1-3 rolls per scout.

_Breakfast Cake_

8 oz. blueberries or other fruit  2 cups Bisquick Mix  1/4 cup powdered milk
2 tbs. sugar  dash of cinnamon  water
Heat fruit in large pan. Mix dry ingredients with enough water to make a thick batter. Drop large spoonfuls of batter onto fruit. If you pour, the batter will push the fruit to the sides. Cover and cook until batter becomes a cake.
Ranch House Potatoes

1/2 bag small potatoes, 1 dozen eggs, 1 pound sausage or bacon

On the afternoon before leaving, wash potatoes with water, piercing skins with knife. Microwave until almost cooked. Place in refrigerator/ice chest until ready to make recipe.

(Fat non-stick griddle)
Fry sausage/bacon, then drain well. Break bacon or any large sausage pieces into bits.

(Large non-stick skillet)
Slice potatoes thin (less than 1/4 inch). Use left over grease from meat to fry potatoes in, breaking large pieces. Turn potatoes to brown well. Add meat.
Break eggs on top of potato/meat mixture, and stir to cook eggs. Serve immediately to 8 hungry persons.

Hash Tortillas  Dick Ross  T928  Skillet

flour tortillas  1 slice cheese or shredded cheese  salsa sauce
1 Quart Freezer Zip type bag. The heavy freezer bags are needed, not the regular.

In the freezer bag place the eggs - minus the shells. Add the bacon, salsa, and onion. Add a little water or milk ~1/8 cup or 2 Tablespoons. Zip up tight and mix the eggs and ingredients by fingering vigorously. Scramble in the bag. Place the bag in a boiling pot of water and cook until done. Remove from pot, if no leaks, use the water for hot chocolate or clean-up. Scoop the eggs on the flour tortillas and add some cheese, fold and eat. Makes fillings for about 2 tortillas.

Le Peep's Cinnamon Apples

A favorite accompaniment to oatmeal at Le Peep Restaurants. These proportions are one-third of the restaurant recipe, but still make a large quantity; it could be cut in half again. Or use the extra as an ice cream topping or with pancakes or waffles.

5 pounds Granny Smith apples, peeled and sliced
½ cup sugar  1 tablespoon flour
1½ teaspoons ground cinnamon  1 cup water

Place sliced apples in baking pan and bake in 350-degree oven 10 minutes, just until al dente, firm to the bite. Mix sugar, flour and cinnamon. Bring water to a boil in a saucepan. While boiling, slowly whisk in mixed dry ingredients, whisking constantly to prevent lumps.

Bring this glaze mixture back to a boil and cook 2 minutes. Place apples in a large pot and slowly pour the hot glaze over them. Return to a boil and remove from heat immediately. Do not overheat apples or they will get mushy and break apart.

Trail Meals:

Trail foods should be quick or no-cook foods for a fast, sit and eat or eat while walking meal. Here are a couple of tables for pick and mix meals. Pick and bag for each meal or keep in a large bag for the trail. Remember that what you don’t eat the first couple of days will be left for the last. If you plan for 7 days, don’t eat it all the first three.

Bottle of V8 (hot)    2 cans beef broth
2 large cans of hot chili beans  2 tsp paprika
1 tbs dried red pepper   2 tsp coriander
1 can tomato sauce     6 tbs red wine vinegar

This recipe will feed a whole troop: In a large skillet, saute onions in olive oil, set to the side. In a 
#14 Dutch Oven, brown pork sausage and chuck and then add stew meat. Season with salt and 
pepper to taste. Cook for about 20 minutes. Add onion mixture. Stir in spices and cook 5 
minutes. Add V8, tomatos, tomato sauce and beef broth. Bring to boil, lower heat and simmer 1 
hour. Stir in garlic, tabasco, peppers and hot chili beans. Simmer another 10 minutes. You can 
dissolve some corn starch in about a 1/4 cup of warm water and then add to the chili until thick. 
Sprinkle with cheese, popcorn, frito chips or fixin's of your choice.

We will sometimes cook the meats two days ahead of time, place in gallon freezer bags and keep 
in the cooler. Also to save time chop the onions and garlic and assemble in a gallon freezer bag 
ahead of time to cut down on prep time.

Dutch Oven

All ingredient amounts are just suggestions; add more or less. It's very free form. You might have 
your own secret ingredients. Go for it!

1 large onion, sliced/diced   2-3 cloves garlic
1/2 green pepper, diced      1 Tbsp oil.

Saute above in the oil in bottom of Dutch Oven until onions are tender. Add:.

2 lb. lean ground beef .
Brown thoroughly, salting and peppering to taste. Drain off excess fat. Add:.

2 sm cans tomato paste.
1-2 large cans tomatoes (you can substitute a large jar of spaghetti sauce for the tomatoes and 
paste).
3 Tbspns chili powder (or more, depending on how hot you like it).
Simmer uncovered for 45-60 minutes, cooking off some of liquid. When thickened, add:.
Drained kidney or black beans (as many as you like; I suggest 2 soup-size cans).
Cover and simmer 15 or so minutes. .
Serve with rice or pasta, and salad. Use another Dutch Oven to make corn bread. Hot sauce on 
side is good, too. I showed my scouts how to cook this shortly after I started as SM, and my 
Senior patrol cooks it frequently on campouts now. They scarf it down by the plateful and want 
more. There rarely is any left over. .
Mmmmmmm...I'm getting hungry. Enjoy!
One Thousand Chills/One Thousand Spills

Troop 1000 Dutch Oven Cornmeal Crusted Chili--Thanks to Morton Raban and the Troop 1000

1 Cup minced onion (1 medium onion chopped finely)
1/2 Cup diced green and sweet red pepper (include one or two jalapenos if you wish)
1/2 Cup sliced mushrooms (Optional, fresh or canned, use more for vegetarian chili)
2 cloves garlic minced
1 can beef consomme
1000 beans (red kidney, or black beans, actually I use one or two cans)
1 28 oz can whole Roma tomatoes cut into quarters
1 lb ground or cubed meat (beef, chicken or lamb) (may be omitted for vegetarian chili)
1 1/2 Tbs chili powder
1 tsp oregano
1 bay leaf
2 pkgs of Jiffy corn muffin mix ( batter prepared according to package directions)
2 Tbs olive oil
Cayenne pepper to taste.

Heat Dutch Oven over charcoal. Brown meat (and/or mushrooms) in Olive oil for a few minutes. Add onion and green peppers and fry until Onion is translucent. Finally add garlic, sweet red pepper and jalapeno (if desired) and fry for just a few minutes. If fatty hamburger was used be sure pour off most of the fat. (Fat can be removed with a large spoon or bulb baster). Add the can of consume and scrape the solids from the bottom of the dutch oven. Add beans, tomatoes (including juices), one and one half cans of water, and spices. Cover the Dutch oven. Meanwhile make up the batter for the corn bread or corn muffins using package directions. Dilute about 1/3 Cup corn muffin mix with 1/2 can of water. Add to the chili broth with stirring. Correct spices and spoon in the remaining prepared corn muffin so that it floats on top of the chili. Cover the Dutch oven and put charcoal on the top. Cook for about 30-40 min so that the cornbread is slightly browned and crusty. Serve chili together with cornbread in cups or bowls.

Notes:
Shredded cheese, chopped peppers or canned corn may be added to corn muffin crust.

Without added Cayenne the chili is mild enough to be served to children; addition of 1/4 t of Cayenne makes a very spicy chili.

It makes sense to spend the extra money and get lean ground beef (ground round) since it is not much fun trying to remove the extra fat.

This recipe won the weekly best chili award during our troops week at Summer Camp at Lost Lake Scout Reservation Clinton Valley Council). However, honesty forces me to admit that it was the only entrant :-) Morton Raban

ONE POT DINNERS

The idea is to create a stew or casserole in one pot. A mixture of starches, proteins, vegetables, and spices or a delectable sauce can become a grommet feast. The following recipes are examples. Use the Chart to help create your own specialties.

One pot dinners can be easy to prepare with a little thought before hand. Which foods need to cook longer? - Start them first. How much water is needed? - Is the pot big enough? Try to maintain texture in the food. Mush is mush and no amount of spices will dress it up. Plastic freezer bags can serve for carrying and mixing items such as instant potatoes. Reduce the cleanup, add the boiling water to the bag and mix. This works with quick rice as well.

Directions:

1. Select and assemble your ingredients from the grocery store, camping outlet or food co-op. Use amounts of each ingredient to suit individual preferences, servings, and appetites. 7 oz pasta, 1 lb. meat, 2 cups vegetables, 1 cup sauce, & seasonings should feed 4-5
2. Determine the order of preparation based on the cooking times of each ingredient. Place items with similar cooking times and methods together in a plastic bag. Noodles may take 10 minutes, Instant Mashed Potatoes only the time to boil water.
3. Put the bulkiest or main items in a large bag, and put the other items in smaller bags and seal them. Place these smaller bags inside the large bag and seal it.
4. Check the instructions for each sauce or mix to be sure you include any extra items such as butter, dry milk, etc. If you keep all your oil in one container, then write on the bag the extra ingredient.
5. Decide how much water you need, based on each ingredient. Too much water will change Instant mashed potatoes to Potato soup.
6. Write instructions on each package for the meal. Include the order of preparation, cooking times, ingredients not included in the bags, etc. Use a waterproof pen or cut from boxes and placed in bag.
7. Include the instructions for each package with the package. Place the instructions for the whole meal with the large bag.
8. Label each bag
   i.e. Large bag can be labeled “dinner Day 3” with list of contents
   Orange drink, chicken soup, Mac & cheese, chocolate pudding

**Ketcham Canyon Stew**

From Spirit of the West. Ketcham Canyon is in the Chalk Bluffs of northeastern Colorado. Author Beverly Cox says: "Men did the cooking on trail drives and roundups. My father's uncles Will and Herb Ketcham --old-style open-range cowboys -- were used to `doing for themselves.' Uncle Herb could whip up a batch of biscuits in a flash and cook most anything in his old Dutch oven."

8 strips thick-sliced bacon, chopped
Salt
1 teaspoon dried thyme or sage leaves (optional)
2 1/2 pounds beef chuck or bottom round, cut into 1 1/2-inch cubes
3/4 cup chopped onion
3 tablespoons chili sauce or ketchup
2 tablespoons each: molasses and Worcestershire sauce
6 small red potatoes, peeled and quartered
4 carrots, peeled, cut into 1½-inch lengths
Chopped fresh parsley for garnish (optional)

1/3 cup unbleached all-purpose flour
1/2 teaspoon ground black pepper
1 1/2 cups strong brewed coffee
18 small boiling onions, peeled

Cook the bacon slowly to render the fat in a Dutch oven over medium-low heat. Remove cooked bacon with slotted spoon; set aside. Combine flour, 1 teaspoon salt, pepper and thyme. Pat beef cubes dry and toss with flour mixture. Brown beef in bacon drippings over medium-high heat, working in batches if necessary. Remove browned beef and set aside.
Add chopped onion to the pan and cook 1 to 2 minutes. Stir in coffee, chili sauce, molasses, Worcestershire and reserved beef and bacon. Cover and simmer over low heat 1 hour, stirring occasionally.

Add boiling onions and 3 cups water. Simmer covered 30 minutes. Stir in potatoes, carrots and more water if necessary. Continue to simmer the stew, partially covered, about 30 minutes or until potatoes and carrots are tender. Add salt to taste and serve garnished with fresh parsley. Makes 6 servings.

Coals are produced in two ways. Charcoal comes in bags not suited for backpacking but great for car camping. Place the Bag in a 5 gal. bucket to keep dry. The other method is producing coals from a wood fire. Hardwoods make better coals than softwoods such as pine. Twigs do not produce coals very well, if at all. 1 1/2 - 2 inch thick limbs make better coals. They are small enough to burn down, and large enough to make coals. The cooking can be done directly on the coals using foil wrapped food or Dutch Oven, or use a grate over the coals. The temperature can be determined by holding the back of your hand over the coals. Allow 30-40 minutes to get the coals ready before cooking.

All dutch oven cooking is done by hot coals, never in a flaming fire. The coals may be from hardwoods like oak and hickory or from charcoal. Hardwoods yield long-burning coals which are necessary for the lengthy cooking process in most dutch oven recipes. Soft woods like pine are unsatisfactory.

Charcoal is more convenient to use and is necessary in areas where there is no downed hardwood. Use a firepan under the coals to prevent killing ground cover. The firepan can be metal or plywood with a thick layer of mineral soil (sand). Three or four stones can be used to prop up the pan above the ground.

The amount of charcoal needed will vary with the weather (wind and temperature)

**Cooking with Cast Iron**

Cooking with cast iron can be a lot of fun, whether you use an old dutch oven for cooking over a campfire or making gems using your great grandmother's pan. There are several things to remember, however:

* Cast iron is brittle. Try not to drop it; it could crack the iron, not to mention break your foot.
* The cast iron gods always seem to require the sacrifice of your first born--in other words, the first thing you cook in your newly reseasoned pan will be scorched beyond recognition to appease the spirits! Don't feel badly...it has happened to all of us.
* Use a no-stick spray when you cook. Some foods, such as gems or waffles, come out of the pan a lot easier when the pan is prepared with no-stick spray. Using just vegetable shortening, until the pan is really seasoned, tends to result in a mess.

* Don't overheat a pan on a stove. Many skillets were warped because they were cooked over heat that was too high.

* Avoid cooking foods with a high acid content (e.g., tomatoes) in the pan. I'm told it can pit the inside of the pot or skillet (which would explain all of the skillets and dutch ovens I've seen that are pitted on the inside and perfect on the outside).

Never put cold liquids or solids (frozen hamburger comes to mind) into a hot Dutch oven. The oven can crack from thermal contraction.

Camp Breads

**Bannock**  
*Ancient Trailperson's Standby*

1 cup flour  
1/3 tablespoon (1 teaspoon) baking powder  
dash salt  
oil or margarine  
water

**At home:** package the flour, baking powder, and salt together in a large, tough plastic bag.  
**In the field:** Put a little oil of margarine into the bag, and slowly add enough water to give the mixture the consistency of dough. You may have to mix it with your hands. Flatten it out into a cake, and fry it in a little oil, very slowly. Note: If you end up with a bread that has its outside a delicious, golden brown and its inside a uncooked, doughy mass, do not despair. Just pretend you're an ancient trailperson.

**Bisquick Bannock**  
*Modern Trailperson's Standby*

6-8 tablespoons water  
1 cup Bisquick buttermilk baking mix  
3 Tablespoons oil or margarine

**At home:** Package the baking mix in a large, tough plastic bag.  
**In the field:** Put a 3-4 Tbls oil or margarine into the bag, and slowly add enough water to give the mixture the consistency of dough. You may have to mix it with your hands. Flatten it out into a cake, about 1/2 inch thick and fry it in a little oil, very slowly over coals or lowest possible flame. Fry it, as gently as possible, turning it often. After the bottom is browned, prop the pan up in front of the fire’s flames to brown the top.

1. The batter should not be too thick - 1/2 inch is enough
2. Use straight sided fry pan, curved sides allow slips when propped before the fire.
3. Aluminum skillets get too hot too quick.
4. Don’t prop up the pan until the bottom is browned.

Also try putting the dough in a zip-lock freezer bag. Place on rack in covered pot of boiling water. Let the steam 'bake' the bread. Add raisins and cinnamon, or serve with honey when done.

**Rayado Biscuits**  
*Dutch Oven*

**Biscuit Mix**  
**Flour**

Mix 12 - 18 oz biscuit mix as directed and pat out on a floured, flat surface. Cut biscuits with a small open end can and place 20-24 biscuits in oven. Cover and bake about 15 minutes. Can also use floured hands and balls of dough 1 1/2 “, flatten and placed in oven. Or spoon the mixed dough and drop into oven without shaping.
Mount Logan Bread

3 cups flour (white or whole wheat)  1/2 cup chopped dried fruit
1/2-1 cup shelled nuts (walnuts, pecans, cashews, peanuts)  1 cup honey
3/4 cup wheat germ  1/4 cup brown sugar  6 eggs
1/2 cup powdered milk  1/2 cup raisins  2 Tbls. Peanut oil

Mix dried ingredients, then stir in oil, honey and eggs. Spray a 9 x 5-1/3 x 2-2/3 inch bread pan with a non-stick coating. Pour in batter and tap the pan on the counter. Bake in a preheated 275 degree oven for 2 hours. Cool 10 minutes before taking out of pan. Yield: 18 slices.

Dan Beard Camp Bread

2 cups biscuit mix  1/2 cup plus 1 tablespoon milk

1. Stir the ingredients together; this will make a very thick dough. Add a few teaspoons of milk if necessary. Shape it like a bread loaf, and dust with additional biscuit mix or flour.

2. Grease a large sheet of foil heavily. Place the dough on the foil and wrap it loosely so the foil package will not burst when the dough rises. Wrap the dough loosely again to cover the seams and crimping.

3. Place the bread package at the edge of the coals and turn every 10 minutes for about 1 1/2 hours, depending on the intensity of the heat. Yield: 1 loaf

Indian Fry Bread

3 cups flour  3 tsp. Baking powder  1 tsp. salt

At camp add 1 1/2-2/3 cups water... just enough to form a biscuit dough consistency. Knead well until the dough is elastic and doesn’t stick. (Have some extra flour available)

For 7-8 inch rounds, use a piece of dough the size of a lemon. Pat by hand into a flat round shape. Fry in deep fat, turning once. The bread should be crisp on the outside. Serve hot.

Cimaron Cinnamon Rolls

Dutch Oven
