

Wilderness Survival

Merit Badge Workbook

This workbook can help you but you still need to read the merit badge pamphlet.

This Workbook can help you organize your thoughts as you prepare to meet with your merit badge counselor.

You still must satisfy your counselor that you can demonstrate each skill and have learned the information. You should use the work space provided for each requirement to keep track of which requirements have been completed, and to make notes for discussing the item with your counselor, not for providing full and complete answers.

If a requirement says that you must take an action using words such as "discuss", "show", "tell", "explain", "demonstrate", "identify", etc, that is what you must do.

Merit Badge Counselors may not require the use of this or any similar workbooks.

No one may add or subtract from the official requirements found in Boy Scout Requirements (Pub. 33216 – SKU 637685).

The requirements were last issued or revised in 2013 • This workbook was updated in June 2017.

Scout's Name: _____ Unit: _____

Counselor's Name: _____ Counselor's Phone No.: _____

Please submit errors, omissions, comments or suggestions about this **workbook** to: Workbooks@USScouts.Org
Comments or suggestions for changes to the **requirements** for the **merit badge** should be sent to: Merit.Badge@Scouting.Org

1. Do the following:

- a. Explain to your counselor the hazards you are most likely to encounter while participating in wilderness survival activities, and what you should do to anticipate, help prevent, mitigate, or lessen these hazards.

- b. Show that you know first aid for and how to prevent injuries or illnesses that could occur in backcountry settings, including hypothermia, heat reactions, frostbite, dehydration, blisters, insect stings, tick bites, and snakebite.

Hypothermia	
Heat reactions:

6.	
7.	

3. Discuss ways to avoid panic and maintain a high level of morale when lost, and explain why this is important.

4. Describe the steps you would take to survive in the following conditions:

a. Cold and Snowy

b. Wet (forest)

c. Hot and Dry (desert)

d. Windy (mountains or plains)

e. Water (ocean, lake, or river)

5. Put together a personal survival kit and explain how each item in it could be useful.

- c. Describe from memory five ground-to-air signals and tell what they mean.
(The space provided here is for you to write out the priorities to help you memorize them.)

1.		
2.		
3.		
4.		
5.		

- 8. Improvise a natural shelter. For the purpose of this demonstration, use techniques that have little negative impact on the environment. Spend a night in your shelter.
- 9. Explain how to protect yourself from insects, reptiles, and bears.

Insects:	
Reptiles:	
Bears:	

- 10. Demonstrate three ways to treat water found in the outdoors to prepare it for drinking.
