

First Class Rank

Workbook

This Workbook can help you organize your thoughts as you read your Boy Scout Handbook. You still must satisfy your Scoutmaster that you can demonstrate each skill and have learned the information.

The work space provided for each requirement should be used by the Scout to keep track of which requirements he has completed, and to make notes for discussing the item with his leader, not for providing the full and complete answers.

The Scout must do each requirement.

No one may add or subtract from the official requirements found in **Boy Scout Requirements** (Pub. 33216 – SKU 34765).

The requirements were last revised in 2010 • This workbook was updated in April 2012.

Notes:

Alternate Requirements for the First Class rank are available for Scouts with physical or mental disabilities if they meet the criteria listed in the Boy Scout Requirements book. [Click here to learn more](#), and see the information from the Guide to Advancement at the end of this workbook.

The requirements for Tenderfoot, Second Class, and First Class ranks may be worked on simultaneously; however, these ranks must be earned in sequence.

BSA swimmer test:

Jump feet first into water over your head in depth, swim 75 yards in a strong manner using one or more of the following strokes: sidestroke, breaststroke, trudgen, or crawl; then swim 25 yards using an easy, resting backstroke. The 100 yards must be swum continuously and include at least one sharp turn. After completing the swim, rest by floating.

Important excerpts from the 'Guide To Advancement', No. 33088:

Effective January 1, 2012, the *'Guide to Advancement'* (which replaced the publication *'Advancement Committee Policies and Procedures'*) is now the official Boy Scouts of America source on advancement policies and procedures.

- **[Inside front cover, and 5.0.1.4] — Unauthorized Changes to Advancement Program**
No council, committee, district, unit, or individual has the authority to add to, or subtract from, advancement requirements.
(There are limited exceptions relating only to youth members with disabilities. For details see section 10, "Advancement for Members With Special Needs".)
- **[Inside front cover, and 7.0.1.1] — The 'Guide to Safe Scouting' Applies**
Policies and procedures outlined in the *'Guide to Safe Scouting'*, No. 34416, apply to all BSA activities, including those related to advancement and Eagle Scout service projects. [Note: Always reference the online version, which is updated quarterly.]
- **[10.2.2.0] — Advancement for Boy Scouts and Varsity Scouts With Disabilities**
Members must meet current advancement requirements as written for merit badges, all ranks, and Eagle Palms, although some allowable substitutions or alternatives are specifically set forth in official literature. The member is expected to meet the requirements—no more and no less—and he is to do exactly what is stated. If it says, "Show or demonstrate," that is what he must do; just "telling" isn't enough. The same holds for words and phrases such as "make," "list," "in the field," "collect," "identify," and "label." Requests for alternate requirements for Tenderfoot, Second Class, and First Class ranks can be made using the information outlined below.
- **[10.2.2.1] — Using Alternative Requirements**
A degree of modification in advancement requirements may be necessary to mainstream as many members with disabilities as possible. Thus a Scout with a permanent physical or mental disability (or a disability expected to last more than two years or beyond the 18th birthday) who is unable to complete all the requirements for Tenderfoot, Second Class, or First Class rank may, with his parent or guardian, submit a request to the council advancement committee to complete alternative requirements. Unless a Scout has been approved to register beyond the age of eligibility, then alternative requirements must be completed by the 18th birthday. The procedures appear below. This avenue is also available to youth with longer-term disabilities (such as those related to a severe injury) who want to continue advancing during recovery.

Simple modifications very close to existing requirements need not be approved. A Scout in a wheelchair, for example, may meet the requirements for hiking by "wheeling" to a place of interest. Allowing more time and permitting special aids are also ways leaders can help Scouts with disabilities make progress. Modifications, however, must provide a very similar challenge and learning experience. The outcomes of the Scouting experience should be fun and educational, and not just relate to completing rank requirements that might place unrealistic expectations on a member who has a disability.

- **[10.2.2.2] How to Apply for Alternative Requirements**
Before applying for alternative requirements, members must complete as many of those existing as possible. Once they have done their best to the limit of their abilities and resources, the unit leader or a troop committee member submits to the council advancement committee, a written request for alternate requirements for Tenderfoot, Second Class, and First Class ranks. It must show what has been completed, and suggest the alternates for those requirements the Scout cannot do.

The request must be accompanied by supporting letters from the unit leader, a parent or guardian, and the member (if possible), as well as a written statement from a qualified health professional related to the nature of the disability. This may be a physician, neurologist, psychiatrist, psychologist, etc., or an educational administrator as appropriate. Statements must describe the disability; cover the Scout's capabilities, limitations, and prognosis; and outline what requirements cannot be completed. Additional information such as Individualized Education Plans provided to parents by schools, and various treatment summaries and reports, may help an advancement committee make an informed decision.

Normally, it is expected that youth with moderate learning disorders, ADD, ADHD, and so forth, can—albeit more slowly— complete standard requirements.

The advancement committee reviews the request, using the expertise of professionals involved with youth who have disabilities. To make a fair determination, the committee may want to interview the Scout, his parent(s) or guardian(s), and the unit leader. The committee's decision is then recorded and delivered to the Scout and the unit leader.
