

POWDER HORN

VENTURING · BSA

F

Introduction The Powder Horn course is designed to introduce and expose Venturing and Boy Scouting adult unit leaders to the activities and resources necessary to operate a successful outdoor/high adventure unit-level program. It is based on the eight core and eighteen electives found in the Venturing Ranger program. It is intended to help adult leaders get out-of-the-box in finding and using resources and in the way they lead their unit-level high adventure programs. No high adventure skills are taught in this course. It is designed to have some disciplines introduced with a hands-on segment. *Example:* For scuba if a pool is available, it is suggested to do a Discover Scuba (PADI) session where participants get into a shallow pool and wear scuba gear. It is not scuba certification. Participants will not learn how to rock climb or shoot a skeet course, but will learn where to go to find those who can teach these skills to Boy Scouts and Venturers.
